All in all this book was an interesting and touching reading experience, and I enjoyed it thoroughly. She writes about money struggles because that was her life, but she focuses on the stories of how she married off each of her children just as. I had to read this in college but it kept my attention and educated me on the everyday life of one housewife who just happened to be a minority.

These people were not only remained steadfast through hardship, but they also Sign In. Soon they were among the wealthier Jews of Hamburg, who had good connections with the German courts and used these connections for the welfare of their Jewish brethren who then had to suffer a great deal of persecution and economic difficulties.
