When we get creative; however, our imaginations start to serve us. Therefore, we must not think too much of outcome—detachment as the sages say. Just write whatever crosses your mind. TheTriondExperimentsays: . The gentleman in this video explains how he lost his ability to create art due to post concussive disorder. Thanks again for the post. Wholeheartedly agree. Tell them to others and see what they say. Ones that may not work are discarded while others are kept and worked on to see how they can be implemented and improved .
