This heroine on the whole can be tough and smart – she flies a plane, people – but the author occasionally has Elizabeth coming up with a decision that runs contrary to what she may have been thinking about or doing previously without much explanation given to the reader. And then there were the recent happenings: the murders, the cruel Blood Moon Over Bengal of those who were indiscreet. Free-spirited and ultra-modern Elizabeth Mainwarring returned to the sultry, spice-scented land of her birth for one last go at mending the breach with her long-estranged sire.

Yet there was peril indeed siring. Add to cart. As the romance between Elizabeth and Nigel develops, the murders continue to terrorize the British. She manages to evoke drama when she wants to and the suspense is actually most riveting despite the villain being the ubiquitous cartoon nut job type. Want to Read saving... And the suspense is great. Forgot your password? Jul 11, Sara rated it liked it.
