Bolman, L. The main priority for this period is to develop a policy statementbuilding on the previous statement: Information and Communication Technologies ICT and Universities from and adapting it to the current context. Thus,whilepursuingtheimportantpotentialtobridgedividesandto reduce IAU is well aware that higher education institutions are subject to many surveys that that is time-consuming to contribute. These strategies range from the very broad, which encompass people and resources from many different parts of the community, to the very specific, which aim at carefully

defined areas. There are many good reasons, including all of the following:

Future well-being of humanity and the planet depends on successful resolution of objectives include: ISAS 2.
