Some progress has also been made on taxation by decreasing the statutory corporate income tax rate and reducing the cost of labour. The workshop convened representatives from ministries focused on disaster management, food security, and climate change to discuss national methods of managing disaster risk, explore the regional disaster risk financing landscape, and share knowledge and experience between SADC Member States. Recently adopted labour market reforms may also contribute to the competitiveness. However, the high structural deficit and debt level create a significant sustainability gap in the medium term. The advantage given by work-based orientation is significant and can be observed at all levels from upper secondary education ISCED 3 to short-cycle tertiary education ISCED 5 as well as for nearly all specialties of both production and services pathways. The impact of social transfer on poverty reduction was The Start Network has taken this bold step because it believes that pre-emptive disaster financing could revolutionise the aid sector and catalyse a new way of preparing for crises.
